

Course Outline for Teen Pathways 10

This course consists of an activation assignment, 8 units of study based on the book “*The 6 Most Important Decisions You’ll Ever Make*” (Sean Covey), a culminating activity, and a survey. There are 19 assignments in total.

The focus of the course is to help you make better decisions as a teenager – decisions that could affect your life for years to come. Most of the assignment work is self-reflection, while the tests rely on information from the textbook.

You will need your own copy of the book above, or we can send you one if you can’t find your own copy. The advantage of your own copy is that you can write in it – there are areas throughout the book that ask you to write your response directly on the page.

Activation Assignment - 5%

Assignments for 8 Topics - 50%

Unit Tests for 8 Topics - 30%

(8 weeks: Each "topic" has an assignment and a unit test. Do one "topic" - both parts - each week)

Culminating Activity - 12%

Course Feedback Survey - 3%
