EBUS is going to GIFTS in May!

GIFTS offers a fantastic five-day live-in school session at their scenic Galiano Island facility. Students will work together in small groups to create a short film in their chosen genre. The session focus for this year has not been decided upon yet; possible options include Dramatic Film, Film Photography, and VFX and Animation.

Creating a film together gives students creative, cooperative, and technical skills. Working in groups, students will be closely supervised by a skilled mentor as they create their film.

Students will arrive Monday and leave Friday with a polished film they can screen for family, friends, and the EBUS community!

For questions about the EBUS Trip to GIFTS, message EBUS teacher Geneva Standbridge in Moodle, email gstandbridge@sd91.bc.ca or call 1-888-346-5245 ext. 2235.

EBUS students become filmmakers at GIFTS!

For the past two years now, EBUS has had the privilege of taking wonderful groups of EBUS students to the Gulf Islands Film and Television School for five amazing days in May. The Galiano Island setting is gorgeous, and we've been lucky to have amazing weather both times. Our students have had the opportunity to meet and get to know other EBUS students from around the province and work together with industry professionals to learn all about their chosen genre of film creation. Everyone has learned so much, from how to use a camera, frame a shot, and record sound properly, to editing and creating on a computer, to putting all cinematic elements together into a final film. It's been great to see the relationships between students and teacher-mentors form over those few short days, and the passion everyone brings to their time at GIFTS is such a joy to behold!
