Learners are expected to spend 120 hours on the course. This time includes viewing/reading lesson resources; researching the technique or focus of the assignment, planning, making, and cleaning artwork/workspace; editing the artwork evidence; submitting the assignment and reviewing my feedback.

When learners are not meeting the learning outcomes/ falling behind

When learners fall behind the expected pace or plan, they will be contacted via email or phone and if there is no improvement or response, parents will also be contacted. If deemed necessary, contact with the learner's home school may also occur to help determine a solution.

Learners are expected to let the course teacher know when they are struggling with course content. In response, the course teacher will provide appropriate help or strategies to support learning. The course teacher will also provide feedback on course work to support learning and help learners improve. Parents will be made aware if their child is actively working but struggling to meet the learning outcomes of the course.

Learners falling behind in a manner where it does not appear that they will complete the course

within a year will be sent reminder emails. Without a response or renewed efforts in the course, the learner may be assigned an F or withdrawn. Should they begin actively working in the course, the learner may be given an alternate completion date.

Inactivity and Communication

Learners are expected to login and submit work in their online courses on a weekly basis. EBUS teachers monitor learner participation, work submission and periods of inactivity in their courses. Learners who have not accessed their course for a period of ***two weeks or longer*** will receive an ***online gentle reminder email (OGRE)*** to inquire about progress and reasons for inactivity; parents will also receive a copy of the email. Learners who receive a reminder email must contact their teacher to communicate their intentions for the course and any other information that will help support their learning. If a learner has been inactive for a period of *eight consecutive weeks* or longer, has received *three online reminders* and has *not responded to communications* from their online teacher, the learner may be withdrawn from the course.

Communication between learners and teachers is important. EBUS Academy offers a flexible learning environment, and we understand that various circumstances can arise that prevent learners from engaging in their courses. When learners anticipate being absent from their online course, they should contact their teacher in advance, whenever possible.
