WHY DO ORGANIZATIONS OFFER AWARDS?

The Government of British Columbia, individuals, clubs, lodges, companies, and other groups in the Nechako Lakes District are proud of the graduates of our school system. They wish to recognize deserving students who plan to continue their education after Grade 12. Recognition of student accomplishment in the form of awards not only confers honor on students, but also brings them financial rewards that help offset expenses when continuing their education.

WHAT TYPES OF AWARDS ARE OFFERED?

Two types of awards are available: **BURSARIES** and **SCHOLARSHIPS**.

BURSARIES are given to deserving students with satisfactory academic standing who require financial assistance, and who meet other conditions specified within this booklet.

SCHOLARSHIPS are awarded mainly for outstanding academic achievement. Normally, scholarships are not dependent on other factors such as financial need or social activity. Some organizations, however, do specify these as secondary criteria.

HOW EXTENSIVE IS THE FUNDING OF AWARDS?

This year, more than **80** organizations are sponsoring awards across the school district. They have donated approximately **\$65,000**. It is anticipated that more than **100** students from School District No. 91 will receive awards.

The costs of post-secondary education rise each year. Students who attend an educational institution away from home can expect to spend \$15,000 or more each year. Note the following estimates of some of the costs:

Tuition and other fees:	\$5,000 - \$6,000
Books and supplies:	\$ 800 - \$1,000
Accommodation and food:	\$7,000 - \$8,000
Transportation, recreation, miscellaneous:	\$1,500 - \$2,000

Successful applicants will certainly appreciate the contributions towards these expenses offered through the awards.

WHICH AWARDS SHOULD I APPLY FOR?

It is important to read carefully the description of each award so that the eligibility criteria, the application procedures, deadlines, and special considerations are clear. **Students are encouraged to apply for ALL awards for which they may be eligible.** For every award for which you might be eligible, every year hundreds of thousands of dollars go unclaimed in North America simply because students do not apply.

When applying for a number of scholarships and bursaries, only check off the awards for which you are eligible; carefully verify that you do in fact qualify for the award(s). In your letter of application, be certain that the content of the letter **directly relates to the award(s)** being applied for.

Awards cont'd...

AM I ELIGIBLE FOR AN AWARD?

1. It is the responsibility of the student applying for awards to ensure that he/she is eligible for those awards. Eligibility can be determined by carefully reading the description of each award and by directing questions to counselors.
2. Students may be considered only for awards for which they have applied. Even if they meet all qualifications for an award, they may not be considered eligible for it unless they have indicated interest in specific bursaries and scholarships.
3. For most awards, standing in Grades 11 and 12 is used in the final selection of the recipient.
4. Students applying for bursaries should normally have no less than a C+ average. For scholarships, students should normally have no less than a B average.
5. All students with better than average grades are encouraged to apply for the awards described in this book.
6. SPECIAL CONSIDERATION

Full time enrollment at a post-secondary institution may be mandatory to receive these financial awards.

To Whom It May Concern:

Re: Fairview College Bursary

I am writing this letter in regard to the Fairview Bursary that is presented each year on behalf of Fairview College to a School District No. 91 (Nechako Lakes) student.

I would like to be considered for this bursary because I am planning to attend Fairview College (Peace River Campus) this fall. In September, I will be starting the Turf Grass Management Program. I have been placed in this program subject to the successful completion of course requirements.

During my past three years at Fraser Lake Elementary-Secondary School, I have worked very hard to complete my Grade 12 graduation requirements. With the encouragement I have received from the Alternate Route Program and the support of my family, I am very proud of my accomplishments these past few years.

I am really looking forward to attending Fairview College as well as establishing a career in the Turf Grass Management field.

Thank you in advance for your consideration of this letter and thank you, again, to the District for your continued support of my education. By providing the Alternate Route Program, you gave me the incentive to graduate and to plan a future career.

Yours truly,

John Winman

To Whom It May Concern:

RE: International Union of Operating Engineers, Local 882 Open Bursary

I am a student at Fort St. James Secondary School, and I am working on the completion of my grade twelve diploma. I am writing in regard to the bursary noted above.

After completing grade twelve, I plan to attend the University of Victoria. Some of the classes I am now enrolled in are English 12 Advanced Placement (AP), Literature 12 and Algebra 12. I believe they will assist me in my first year courses at University. Throughout my high school years, I have maintained a position on the honor roll.

Past experiences have proven to me that achieving a higher level of education is the only way to be successful in future endeavors. With the goal of post-secondary education in mind, I have held various part-time jobs. I began working at the age of thirteen for McDonald's Restaurants in Whitehorse, Yukon. After moving to Fort St. James, I worked at Shopper's Food Mart. Last summer, I began working at Nechako Valley Community Services on a one-on-one basis with a mentally challenged ten-year-old boy. At the same time, I was also employed part-time at the local Laundromat, a position I currently hold.

I have always been active in sports. For the past two years, I have been on the Fort St. James Senior Girls' Basketball Team and have competed at the zone level, as well as at the provincial level. I also enjoy baseball, volleyball, swimming, figure skating and cross-country skiing.

Thank you in advance for your consideration of my application. I look forward to your reply.

Sincerely yours,

Jane Doe

EBUS Academy

DESCRIPTION

Nikiya MacKinlay, a student at NVSS and EBUS, created a design for Orange Shirt Day 2020. Although she made only a few for friends and family, she soon had requests for more shirts from an increasing number of people. Nikiya was surprised at the response and the feedback from everyone who bought one. She realized that this was a good opportunity to raise awareness of Orange Shirt Day and the history of Residential Schools. Nikiya decided to make and sell more shirts and then donate a portion of the profit to a Bursary designed to increase awareness of Orange Shirt Day and Residential Schools. As her two grandparents attended Residential Schools, Nikiya decided to name the Bursaries in their name to honour the work they have done to overcome the effects of Residential School.

Shirley Alfred-Morin attended Kamloops Indian Residential School and is a strong positive role model. She has successfully completed numerous courses in order to be a bookkeeper so she can support her family. She studied at the College of New Caledonia and continues to live in Prince George. Shirley is a proud Wet'suwet'en matriarch with a very large family in Witset.

Marg Dombowsky Bursary

This bursary has been named in memory of Marg Dombowsky, who was a teacher with EBUS from its early days. Marg died suddenly in the summer of 2006 and EBUS PAC felt it would be a fitting tribute to name this bursary in honour of a wonderful teacher and mentor.

Marg was very dedicated to teaching and enjoyed getting to know her students and their families. Her teaching and support had a strong positive impact on many people during the years she was with EBUS. She was very encouraging and motivated her students to learn and achieve and to develop a love of learning.

We know Marg would have been delighted that this bursary will be assisting students to pursue further education.
