Course Description

In this course, students have the opportunity to explore the following disciplines of art: drama, dance, music, and visual arts. Students engage in four self-initiated, and propelled, Art Exploration units—demonstrating their learning through projects and self-reflection. Hands-on and practical engagement are ways in which students will express their understanding, skill, and creativity.

Learners are expected to spend 50-60 hours on the course. This time includes viewing/reading lesson resources; researching the technique or focus of the assignment, planning, making, and completing coursework; submitting the assignment and reviewing feedback.

When learners are not meeting the learning outcomes/falling behind

When learners fall behind the expected pace or plan, they will be contacted via email or phone and if there is no improvement or response, parents will also be contacted.

Learners are expected to let the course teacher know when they are struggling with course content. In response, the course teacher will provide appropriate help or strategies to support learning. The course teacher will also provide feedback on course work to support learning and help learners improve. Parents will be made aware if their child is actively working but struggling to meet the learning outcomes of the course.

Inactivity and Communication

Learners are expected to login and submit work in their online courses on a weekly basis. EBUS teachers monitor learner participation, work submission and periods of inactivity in their courses.

Communication between learners and teachers is important. EBUS Academy offers a flexible learning environment, and we understand that various circumstances can arise that prevent learners from engaging in their courses. When learners anticipate being absent from their online course, they should contact their teacher in advance, whenever possible.

Integrity Policy: [EBUS-Academy-Integrity-Policy-2025.pdf](#)

At EBUS, learners are expected to complete their own work and use tools—including AI—responsibly. Integrity means showing what you know and giving credit when you use help or ideas from others.

Exams, Tests, and Quizzes

Complete all tests independently without notes, devices, or AI unless permitted by the teacher.

Cheating or unauthorized use of AI/internet may result in a zero, test retake under supervision, or other consequences.

Plagiarism

Plagiarism is using someone else's words, ideas, or AI-generated work as your own. Avoid it by writing in your own words and citing all sources (including AI tools). Use bibme.org for citations. Consequences range from warnings to zeros to redoing work under supervision.

AI Use

AI tools may only be used when explicitly permitted by your instructor. If allowed, you must include an AI Use Statement (e.g., "Used ChatGPT [May 2025] to brainstorm ideas; rewrote in my own words") and cite the tool. AI-written essays, code, or images submitted as your own work are not permitted.

Consequences

If unauthorized help or AI use is suspected, your teacher will contact you. Consequences depend on severity and may include warnings, resubmission, zeros, or withdrawal from the course.
